Why become a Sponsor?

AES is becoming one of the main events in the field of Antennas and Electromagnetics. 150+ participants from 30 countries attended the hybrid 2022 edition in Marrakesh.

We anticipate that AES 2023 in Torremolinos will be an exceptional venue to communicate your products, capabilities and services to potential new customers and to solidify relationships with existing customers.

As a Sponsor & Exhibitor at AES 2023 you will be able to:

- Build and reinforce name/brand recognition of your organization and products among a big number of research engineers, scientists and professionals in related industries.
- Promote your latest advances and discoveries.
- Give your company exposure to International research communities.

What is AES?

AES®, the International Conference on Antennas and Electromagnetic Systems, brings together experts in the field of antennas, electromagnetics, propagation, and measurements. The conference is indexed by SCOPUS and serves as a multidisciplinary forum for discussing recent advancements and developments in the field. The conference covers a wide range of topics, including antenna theory and design, reconfigurable antennas, terahertz and nano-optical antennas, electromagnetic theory, metamaterials & metasurfaces, optics and photonics, nanophotonics, plasmonics, quantum optics, optoelectronics, scattering and diffraction, propagation theory, material characterization, and more.

Exhibits Opportunities

AES 2023 provides an integrated exhibition area close to technical sessions and coffee to ensure frequent attendance. This is an excellent chance to present your company and its recent results, as well as to get in touch with other young and senior scientists from industry and academia. The exhibition will open on Monday 5 June and will close on Thursday 8 June after lunch.
